

# Cloud Connect

Connectivity Services

More and more businesses are adopting a hybrid approach to their IT environments to leverage their hyper-scalable functionality. Combining traditional on-premises or collocated infrastructure, and cloud environments can soon become complex, and their success relies heavily on the ability to connect these environments.

Our Cloud Connect Service powered by **MegaPort** technology enables your business to operate securely and efficiently with fast, reliable and direct private connectivity into the cloud.

## Features and benefits

Connecting you to the world's leading cloud providers.

Microsoft  
Azure

NUTANIX

### Strengthen security

The MegaPort hub provides a secure and private connection to the cloud.

### Increased flexibility

Ability to scale bandwidth up and down on-demand in line with your business demands.

### Fast provisioning

Rapid connections deployed in seconds through MegaPort's provisioning portal.

### Hybrid enablement

Connect your physical infrastructure to multiple clouds and cloud providers.

# Cloud Connectivity Solutions

## Hybrid Cloud Connectivity

Seamlessly connect your private infrastructure to your public or private cloud resources with a fully redundant network. Giving you the privacy, reliability, and control you'd expect from a high-performance hybrid cloud architecture.

## Multi-Cloud Connectivity

Mix and match your cloud applications by connecting to any of the world's leading providers and accessing best-of-breed services. Connect to multiple cloud regions from a single interconnection point with greater security and privacy than traditional networking solutions.

## About Megaport: Global leading Network and Service Provider

Megaport is the highly scaled Network as a Service (NaaS) organisation utilising 100 Gbps technology to deliver dedicated access to cloud services. The Company's Software Defined Network (SDN) enables the interconnection of enterprises and service providers across hundreds of data centre locations around the globe. Fast, flexible, and dynamic, Megaport's connectivity solution is transforming the way businesses reach leading cloud services from Microsoft, Google, Oracle, Amazon Web Services, Nutanix, IBM, Salesforce, and Alibaba.
